*Colours, colours, beautiful colours,
red, orange, yellow, green, purple and blue.
God made all these beautiful colours
and He gives them all to me and you.*

Red and yellow make orange,
blue and yellow make green,
Yes, with all these colours,
you can do great things.
Use your coloured pencils
in a colouring book.
Paint a picture with your favorite
colours too.

Colours, colours, beautiful colours ...

All that God has created
was coloured by his hand.
And here is something special
you might not understand:
Sun and rain together;
look up in the sky
and you'll see an awesome rainbow
way up high!

Colours, colours, beautiful colours ...
